

Features

- Upward Portable industrial computer
- Embedded Industrial Motherboard
- Offers 1×Half-Size PCI-E X4 Slot
- 15.6" LED LCD, Resolution: 1366×768
- 86 keys Keyboard, Touchpad

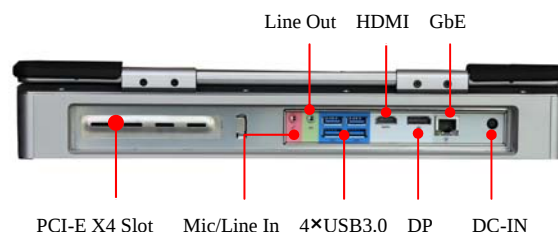

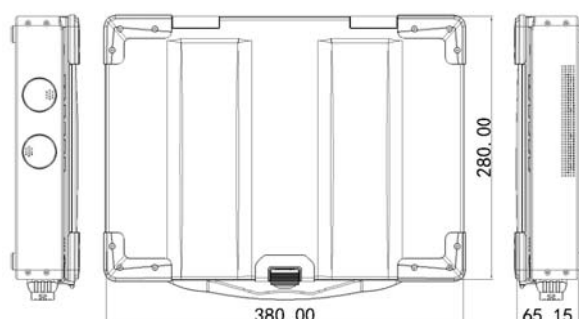

Introduction

EPU-5217 is one ultra-slim and silent portable computer, it offers 1×PCI-E Slot. It adopts light aluminium alloy material. Not only integrated notebook function, but also adopts i7 desktop processor, can meet high performance of education recording and video analysis application.

Specification

	Model	Standard Specification
Motherboard	MINI-ITX	Embedded Motherboard Structure
Expansion Slot	1×Half-size PCI-E X4 Slot (Max:250×120mm; Max Power Consumption: PCIE X1:10W ; PCIE X4:25W)	
Configuration	CPU	Intel CORE i7-3770 3.40GHz(Max:3.90GHz)
	RAM	4G DDRIII Dual Channel
	HDD	2.5" 1×1TB (Support RAID: RAID1,RAID0 Optional), Max 2 ×HDD
LCD	Size	15.6" LED
	Resolution	1366×768 (1600×900 Optional)
	Brightness	220cd/m²
Input Device	Keyboard	86 keys ultra-slim keyboard
	Touchpad	Yes
Ports	4×USB3.0, LINE-out, MIC/LINE-in, HDMI Port, DP Port, GbE (Realtek 8111F)	
Power	Input	19V
	Output	150W
Physical Parameter	Dimension	385mm×284mm×66mm (Excluding rubber pads)
	Weight	5kg
