

Features

- Upward Portable IPC
- It can offer 1*PCI-E×4 slot
- 14" LCD, Resolution: 1366×768
- 82keys Keyboard、touchpad
- 5200MAH Li-ion, 3h working hours
- Utilizes space optimally

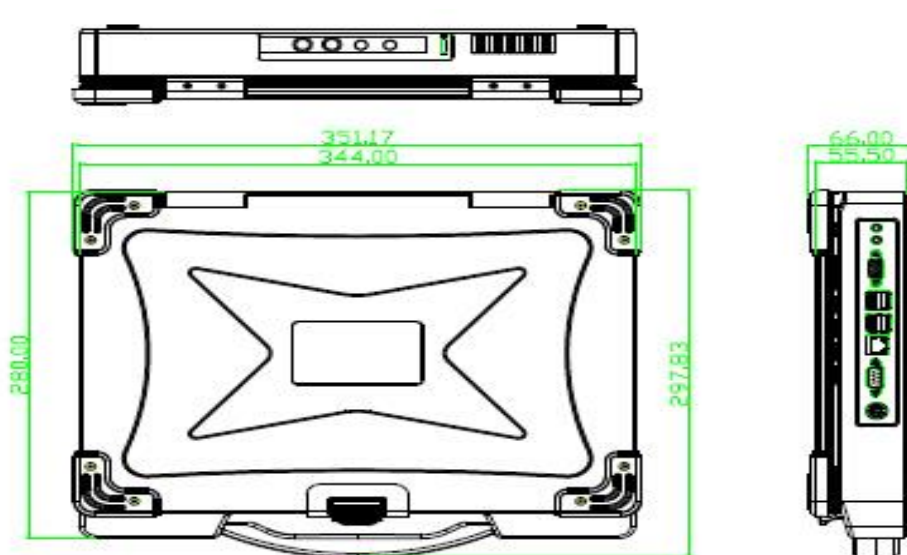

Introduction:

EPU-5810 is an upward ultra-slim portable industrial computer, it adopts high-strength aluminum-magnesium alloy structure, can offer 1 *PCI-E Slots、integrates all notebook function: Industrial motherboard, portable, reinforced, light, high expansion...

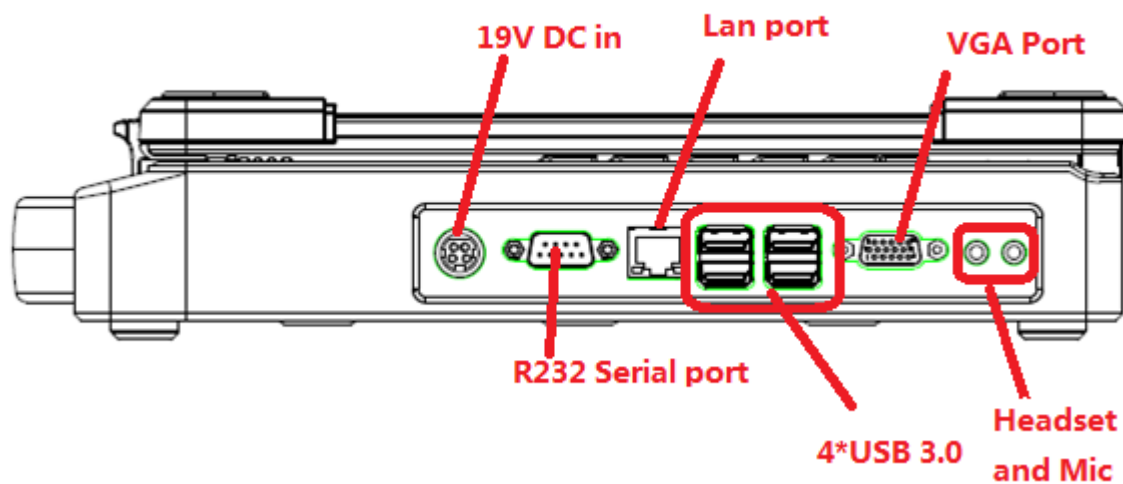

Specification

Motherboard	Industrial Motherboard	Single board+SOCKET+CPU structure
Expansion slot	1 half-length PCI-E X4 expansion slot (max:170×120mm; Max consumption: PCIE X1:10W; X4: 25W)	
Configuration	Processor	I3-3110M 2.3G, (i5, i7 for option)
	Memory	4G (max: 8G)
	HDD	500GB 2.5 " HDD
LCD	Size	14" LCD
	Resolution	1366×768
	Brightness	220cd/m²
Input	Keyboard	82 keys ultra-slim keyboard
	Touchpad	Yes
Interfaces	4×USB3.0、1×RS-232 or 485 Serial Port、1×LAN (82579LM)、Audio、VGA Port	
Battery	5200MAH Li-ion, 3h working hours	
Power	Input	DC-19V
	Output	100W
	Dimension	344mm (L) *280mm (W) *55mm(H)
	Weight	4.5 kg
