

## POS Touch Monitor

It is designed to withstand harsh conditions and quick services with high transaction volumes continuous operations, and contaminants such as food, grease, and dirt, that are typical in these industries.

### 15" POS Touch Monitor Wall Mounted

POS 2200WM Touch Monitor / Terminal is specifically designed for harsh food service and retail conditions. It features a unique space saving footprint design, saving valuable counter space. Where space is extremely limited & constricted, the POS2200WM can easily become a wall mounted application, thereby freeing up necessary counter space. An IR touchscreen enables employees to use a variety of interaction tools, from a finger to a pen or even a credit card, while maintaining high levels of transaction accuracy and speed. Standard features include Powered RS-232/USB communication ports, resulting in substantial cost saving and design flexibility for POS solutions.
