

STAINLESS LCD

Specifications

Remarks: R15T600 series= VGAinput only
R15T630 series= VGA+Video Input

Technical drawing of the front view of the 12U 19-inch rack. The drawing shows a rectangular frame with dimensions in millimeters (mm). The overall width is 200.0 ± 0.5 mm, and the overall height is 165.0 ± 0.5 mm. The frame is composed of four main sections: two side rails (each 150.0 ± 0.5 mm wide) and two end rails (each 50.0 ± 0.5 mm wide). The side rails are reinforced with 10-M3 stainless steel H=11mm vertical bars. The end rails are reinforced with 8-M3 stainless steel H=6mm horizontal bars. The frame is mounted on four feet, each with a 13.0 ± 0.5 mm wide base and a 9.0 ± 0.5 mm wide top. The feet are secured with M4-TAP screws. The drawing also shows the mounting holes for the side rails, with dimensions of 190.0 ± 0.5 mm and 125.0 ± 0.5 mm. The mounting holes are spaced at 37.5 ± 0.5 mm. The drawing includes a note: "UNIT:mm".

UNIT:mm
